END OF SUGAR WAR.

Toledo, O., March 28.—Though the suit in the supreme court of Ohio in the war between the Arbuckle and the American Sugar Refining company has not yet been withdrawn that action will be taken, and the bitter fight between the two companies is at an end. The exact terms of the agreement are not made public, but this much is known, both will continue to handle sugar and coffee and the price will be governed entirely by the price of the raw material.

Closing Out Sale

Our doors are open at retail prices to close out our large stock of
Glass and Queensware, Lamps, Enamelled and Tinwares.

We reserve no part of it, but put everything under the hammer. Our entire business is to be changed, and to carry out our plan we must get rid of our present stock, and do it quickly.

A personal inspection is necessary if you are to know the kind of prices we are making. We can only quote a few in this space:

One lot of short dinner sets at \$2.50 per set.
Full 35-piece dinner sets as low as \$3.35 each.
Full 100-piece dinner sets as low as \$4.95 each.
Genuine China 100-piece dinner sets at \$10.95 each.
Haviland China 100-piece dinner sets at \$22.75 each.

Steel Enamelled wares are sold at prices of ordinary Tinware in many instances. This is a line of records, limited in quantity. Advertisement's cost money, and to enumerate the entire list would entail an item of expense that a "no profit" sale would not justify. You will have to come to see us if you would know the extent of this sale.

RAILROAD FOR SALEM.

PROPOSITION FOR ONE BEING CONSIDERED.

Salem, Ky., is to have a railroad, at least if what the Crittenden Press of Marion, says, is true.

According to trustworthy information the Press has gathered from the Commercial club of that booming town, as well as the general talk of the community, a number of Cleveland, Ohio, capitalists who are interested in the mining industries of Crittenden and Livingston counties, have made a proposition to the people of Salem, to construct a railroad from the I. C. at Mexico station to Salem and on to Carversville, provided they are given the right of way and a subscription of \$2,500. The promoters of the enterprise propose to use the \$2,500 in making the preliminary survey, but will execute bond for its return to the donors, if the road is not built. This very liberal offer has naturally aroused great interest in Salem and along the proposed route, and the meeting last night was called for the purpose of raising the subscription and organizing for the purpose of securing the right of way. We go to press too early to report the result of the meeting, but it may be safely stated that the money will be forthcoming, and the other requirements complied with.

The people of Salem are enthusiastic over the outlook and will leave no stone unturned to secure the road. If the projectors do not want to build the road, they will have to give Salem a much harder nut to crack than they have placed under the trip hammer of enterprise.

FOR THE GRIP.

YOU HAVE HEARD OF MANY REMEDIES—DID YOU EVER TRY THIS ONE?

Everybody you meet on the streets nowadays either has just had the grip, is coming down with it or has a sure cure for it.

The disease has been a puzzle to physicians ever since its appearance several years ago and it is as much of a puzzle today as it was then. It exhibits such a variety of symptoms in different individuals and leaves such disastrous results after apparent recovery, that as yet its prevention and cure has baffled science.

However there is no doubt but that the grip is catarrhal in character and the leading symptom in nearly every case is increased secretion in the head and throat, in fact the first indications of the grippe are those of a cold in the head which extends to the throat and lungs.

Dr. Johnson Ames advises as the safest course to pursue on the first appearance of grip symptoms to keep to the house for a day or two and take Stuart's Catarrh Tablets every hour the first day and every two hours the following day and states that this will break up the trouble before it becomes deep seated.

These catarrh Tablets are antiseptic and harmless and prevent fever and the further development of grip germs, and ward off the ever present danger of pneumonia.

Dr. Gerald Simpson says: "I have found Stuart's Catarrh Tablets a pleasant and thoroughly reliable remedy for the grip, especially with elderly people with whom this prevailing disease is always dangerous; the tablets can be found at any drug store and if used freely during the first few days of the attack will break it up."

La Grippe is a catarrhal affection, the germs are in the air and no one is proof against it, but the timely use of Stuart's Catarrh Tablets will prevent any serious results.

MURDER AT TIPTONVILLE.

MOB FORMING AND LYNCHING MAY FOLLOW.

Tiptonville, March 28.—Manned Beale, a worthless character of the town, shot and killed Richard Darnell, a prominent lawyer today. Beale had insulted Mrs. Darnell over the telephone and a quarrel between the men resulted. There is much indignation over the deed and talk of a mob forming to lynch the murderer.

A tieup of the Monongahela Traction company system at Pittsburg will be ordered tonight unless the company yields to the employees.
